

PLACE YOUR TRUST

in Boston Scientific Metal Stents

**IN CLINICAL
EVIDENCE**

**IN PIONEERING
DESIGNS**

**IN THOUSANDS
OF PHYSICIANS
LIKE YOU**

IN EXPERIENCE

PROCEDURAL EXCELLENCE SUPPORTED BY CLINICAL EVIDENCE.

Boston Scientific (BSC) is committed to supporting **global clinical research** that **addresses clinically relevant questions** and has the potential to **change treatment algorithms** and **improve patient care.**

2005

First patient enrolled in BSC sponsored trial of WallFlex™ Duodenal Stent in **palliation of malignant gastric outlet obstruction**

2006

First patient enrolled in BSC sponsored trial of WallFlex™ Colonic Stent in **palliation and bridge to surgery of malignant colonic strictures**

2007

First patient enrolled in BSC sponsored trial of WallFlex™ Fully Covered Biliary Stent in **palliation of malignant biliary strictures**

2009

First patient enrolled in BSC sponsored trial of WallFlex™ Biliary Fully Covered Stent in **treatment of benign biliary strictures**

2012

First patient enrolled in BSC sponsored trial of WallFlex™ Biliary Fully Covered Stent vs. multiple plastic stents in **treatment of benign biliary strictures caused by chronic pancreatitis**

2013

First patient enrolled in BSC sponsored trial of WallFlex™ Biliary Stent in **pre-operative drainage of malignant biliary strictures**

1989

WALLSTENT™

Biliary

First Boston Scientific
biliary stent placed

1991

Ultraflex™ Esophageal

First Ultraflex esophageal
stent placed

1994

Ultraflex Esophageal

First proximal and distal
released stent

1994

WALLSTENT Esophageal

First Permalume covered
stent

FOR OVER 20 YEARS, Boston Scientific has been a leading developer of advanced stent technologies and remains committed to high quality standards and collaboration with physicians.

Boston Scientific stent technology is built on science and innovation to expand options available for patient treatment and management.

1998

**WALLSTENT™ Colonic
and Duodenal**

First colonic/duodenal
stent indication in the
U.S.

2000

**WALLSTENT Biliary
Endoprosthesis**

First covered
biliary stent

2001

WALLSTENT Biliary RX

First RX biliary stent

2006

**WallFlex™ Colonic
and Duodenal**

First WallFlex Enteral
Stent placed

WHAT PHYSICIANS ARE SAYING...

Boston Scientific is seeking to deliver the best possible care to patients by **promoting and conducting important clinical studies** while constantly **evaluating and improving upon their products**. This not only advances our scientific knowledge but also contributes to **facilitate evidence-based best practice medical care to our patients**.

*Prof. Marco Bruno, Erasmus Medical Center
Rotterdam, The Netherlands*

As a physician, I appreciate that Boston Scientific invests in clinical studies in order **to develop and select the very best stents for patient care**. The portfolio fulfills what each case needs.

*Prof. Thierry Ponchon, Hospital Edouard Herriot
Lyon, France*

2008

WallFlex™ Biliary RX

First Platinol
biliary stent

2008

WallFlex Biliary RX

Partially and Fully
Covered

First retrievable
biliary stent

2009

WallFlex Esophageal
Fully Covered Stent

First WallFlex Fully
Covered Esophageal
Stent

2010

WallFlex Biliary RX

Benign indication for
biliary stents in CE marked
countries

The WallFlex Biliary benign stricture indication*, supported by Boston Scientific's strong investment in clinical trials, **gives confidence to physicians to place metal stents for a broad range of biliary strictures**, including treatment of patients who would have previously waited for a confirmed diagnosis. **The benign indication may help reduce the number of treatments per patient while potentially containing costs and providing the best possible care.**

*Prof. Jacques Deviere, Erasme Hospital
Brussels, Belgium*

* The benign indication is only available in CE Mark and OUS countries. Check with your local Boston Scientific representative for more information and product availability.

The WallFlex [Colonic] Stent is a tremendous advancement in stent technology...**these stents go around strictures very well without kinking**. The lumen of the stent is not compressed by the stricture whatsoever and will follow the course of the lumen.

*Douglas Pleskow, MD, Beth Israel Deaconess Medical Center
Boston, USA*

2013

Over 1 Million Stents
delivered worldwide over
the past 20 years

Boston Scientific provides value that extends beyond our products by delivering unsurpassed service and support to hospitals and physicians around the world.

LAST YEAR ALONE, BOSTON SCIENTIFIC...
